

Colour

- Follow Maintenance instructions
- Do not Shampoo your hair for at least 48hrs after colouring
- Use a Shampoo & Conditioner designed for coloured and/or dry/damaged hair to help lock in your colour and rebuild damaged ends
- Shampoo your scalp only, NOT YOUR ENDS
- Avoid daily washing as this shortens the life of your colour
- Avoid swimming in Chlorine and anti dandruff shampoos as this will surely strip the colour out of your hair
- Avoid over exposure to the sun
- Visit us for a colour refresher 3-4 weeks after initial colour (I promise we won't charge you an arm or a leg)
- Blonde/violet Shampoos and Conditioners are great for keeping yellow tones away in blonde hair and orange/red tones in darker hair
